SUMMARY

MCA student with a BCA degree from Saurashtra University.

Skilled in Java, Python, ASP.NET, SQL, and MongoDB.

Passionate about leveraging my knowledge to contribute to the IT industry and work on innovative, impactful projects.

SKILLS :

Good communication Quick learning
Problem Solving

Language: HTML , CSS , JAVASCRIPT

Python , Java, Sql, MongoDB

ASP.net , php, C#, asp.net

PROJECTS

MONEY TRANSFER WEBSITE

- frontend ~ HTML , tailwind css , javascript
- Backend ~ PHP, mysql database
- The Money Transfer Website enables users to register, log in, reset passwords, and securely send or receive money. Admin functionality includes viewing total users, monitoring user balances, and managing user accounts by blocking or unblocking as needed. The system ensures secure transactions and efficient account management for users and administrators.

RAILWAY RESERVATION SYSTEM

- frontend ~ HTML , tailwind css , javascript
- Backend ~ ASP.net , mysql database
- The Railway Reservation System manages train schedules, fare tariffs, passenger reservations, and ticket records, with inventory control for seat availability across First, Second, and Economy classes. It integrates a Schedule Distribution System and Fare Quote System to handle bookings and pricing efficiently. Built using a 3-tier architecture (backend database, ASP.NET middle tier, and web browser front end), it is user-friendly and accessible without requiring advanced technical knowledge.

EDUCATION

March - 2019	Gujarat Board 10th	Percentage: 55.50%
May - 2021	Gujarat Board 12th	Percentage: 65.43%
2021 - 2024	Saurashtra University BCA	CGPA: 7.36/10
